- **Loaner mowers and weed whackers** are available for your use. Campers are responsible for maintaining their sites. Those campers who maintain their sites are greatly appreciated – Thank You. For those campers that let their grass get too long we will try to mow your sites every two to three weeks. This is a free service provided to help make the camp look neater. Please bring in all your lawn furniture and have your site ready for our mowers when you leave for the week.
- **Site Maintenance:** Rock edges, flower gardens, signs, and lighting look very nice and help spruce up the campground. But it's up to you to maintain your garden and all those lights and signs by hand weeding and using a product such as Round-Up on the edging to keep it weed free. The easiest thing about a flower/light garden is planting it, the rest is your maintenance during the summer
- **Bagged, Trash Free Leaves** can be placed curbside any time for pick up. Organic materials only!
